

MARS ROVER CELEBRATION 2016

YOUR MISSION:

Design and construct a model Mars rover to carry out a science mission on the surface of Mars.

IN THE CLASSROOM:

Ask your teacher more about the "Red Planet" and Mars exploration rover missions, make a team, and compete in the **Mars Rover Celebration 2016!**

YOUR MARS ROVER MODEL:

Models can be solar-powered, remote control, or free form. Use art supplies, even recyclables!

Bring your model and join other teams competing at the University of Houston on January 30, 2016 for the **Mars Rover Celebration 2016!**
